Chemical Engineering| GPA: 7.01/10.0
Modeled complex systems, optimized variables, and translated data into process decisions.

EXPERIENCE

2025 - 2025 **META** **Bangalore, India**
Recruiter (IC5)
- Led hiring for Reality Labs and Enterprise Engineering across Singapore, India, and London, building the founding team for Bangalore's new hub. Closed 15 AI/ML and software roles supporting Llama 4 and the ML-focused business build-out in two quarters while supporting AI powered hiring-tool UAT.
- Partnered with Directors, VPs, and cross-functional leaders to set critical hiring priorities, shape workforce plans, and execute senior-level hiring strategies for IC5 - IC7 and M1 - M2 roles across multiple regions.

2023 - 2024 **WALMART** **Bangalore, India**
Senior Talent Acquisition Specialist – Generative AI
- Staffed a GenAI team as Walmart shifted from isolated AI tools to a connected, enterprise-wide ecosystem spanning the Sparky shopping assistant, autonomous inventory movement and Sam's Club Scan & Go feature.
- Led 4 recruiting coordinators to close executive hires across CX and Sam's Club, combining competitor talent mapping, LinkedIn Recruiter and retained search partnerships with scorecards for leadership calibration.
- Hired 40 engineers in 7 months, sourcing passive talent with niche LLM, RAG and MLOps skills from GitHub, Stack Overflow, Hugging Face and PyTorch forums by evaluating their public work.

Talent Acquisition Specialist – Sam's Club and Customer Experience
- Closed 240+ hires from SDE III to L7 levels, covering engineering disciplines from Backend and Mobile to DevOps, Data and GenAI, along with Product and Engineering Manager roles.
- Hired Walmart IDC's first openly LGBTQ+ employee by building sourcing channels through community platforms and inclusive job boards, then trained the recruiting team on inclusive hiring practices

2020 - 2022 **CONNECTWISE, LLP - SAAS BASED COMPANY** **Pune, India**
Senior Technology Recruiter (CoVID-19)
- Closed 120 hires for the Platform and Security team despite COVID era remote work constraints, introducing a remote hiring framework built on regular virtual syncs, retrospectives, and stakeholder alignment.
- Strengthened employer branding through targeted hackathons and coding contests, improving candidate experience and pipeline quality, and lifting candidate satisfaction by 25% and application volume by 22%.

2016 - 2020 **APTASK (IT CONSULTING & STAFFING)** **Pune, India**
Senior IT Recruiter
- Closed 30 technical hires spanning software engineering, machine learning and data science, managing both US citizen and H1B candidate pools to exceed annual placement targets in under a year.
- Owned Apple and Google client relationships across the Bay Area and East Coast, closing scarce cleared talent for sensitive roles and working with Engineering and HR leadership to lower offer declines by 30% by setting clear expectations early in the process.

ADDITIONAL DATA

- **Achievement:** Received 4 times company-wide recognition at Walmart and ConnectWise for independently managing a high friction stakeholder relationship and delivering on recruiting targets without missing a cycle.
- **ATS:** Greenhouse, iCIMS, Workday | **Sourcing:** Boolean and X ray search | **Analytics:** Tableau, Advanced Excel **Automation:** Make.com, Power Automate | **AI tools:** Claude, Cursor, Codex (used to build a personal portfolio website and an AI sourcing agent)
